AVANTE®

SLEEK

A departure from the grid-like pattern of standard aluminum and glass garage doors, the new Avante Sleek model features slim horizontal glass windows and minimal vertical stiles for broad unobstructed views. If you're in search of a garage door with a minimalist frame design that gives off "panoramic vibes" and lets in plenty of daylight, this is it. Customize the door in a number of painted or anodized finishes and glazing options.

STYLE AND CONSTRUCTION

- Aluminum frame provides a virtually maintenance-free, long-lasting door.
- Intellicore® polyurethane insulated rails and stiles. *(Models AZ5U and AZ6U)*
- Many glass and panel options available.
- Section joint seal helps keep out air and water.
- Integral reinforcing fin provides increased strength and longevity. *(Available on double car models)*
- Heavy-duty steel ball bearing rollers with nylon tires provide quiet operation.

**Doors wider than 14' include built-in reinforcing fin. Standard doors 12' and under do not use built-in reinforcing fin. Usage on widths 12'2" to 14' depend upon glass weight. WindCode® doors may vary. Contact your Clopay Dealer for details.*

Calculated door section R-value is in accordance with DASMA TDS-163.

FRAME/SOLID PANEL COLOR OPTIONS

Clear Aluminum (Anodized)	Standard White (Painted)	Bronze (Painted)
Chocolate (Painted)	Bronze (Anodized)	Black (Anodized)
Dark Bronze (Anodized)		

Due to the anodizing process, color variation may occur. The use of "Bronze (Painted)" is recommended for a more consistent bronze finish color.

CUSTOM PAINT OPTIONS

Custom colors make Avante® garage doors personal. Choose a Color Blast® finish or RAL Powder Coating to create the perfect door. The only limit is your imagination! See your Clopay Dealer for details.
