Grand Harbor® Garage Doors

Enhance the classic details of your home without breaking your budget.

When budget is the deciding factor, this low-maintenance, insulation-optional steel frame carriage house style garage door combines clean lines and classic charm to provide a popular style at a great value.

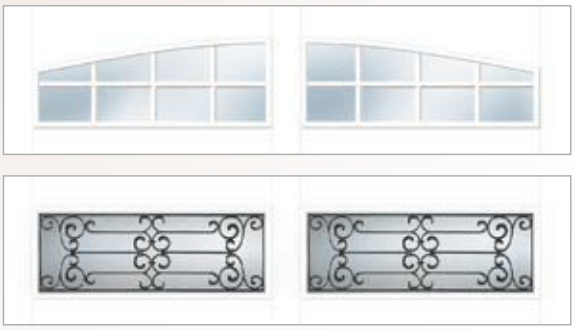
Accented with decorative black wrought iron hardware, these doors have the appearance of a swing-out door, but offer the convenience of modern overhead operation.

SOLID TOP SECTIONS

Solid top sections in rectangular, square and arch designs provide more design options to complement new home styles.

FAUX TOP SECTIONS

Faux top sections create the illusion of a window by using a solid dark gray steel background with arch, square and rectangular grille overlays. Provides added security while creating the appearance of a real window.



GLAZED TOP SECTIONS

Glazed top sections in clear or obscure glass and snap-in grilles create square and rectangular designs. Wrought iron windows feature a black iron-look design on a seeded-look acrylic that provides an Old World European style to complement light fixtures, entry doors and other decorative features.

Glazed top sections (windows) NOT available in 15'0" and 15'6" width doors.

Note: All glazed top sections available up to WindCode® W1. Short glazed top sections, SQ22, plain short and wrought iron short (WIS) available up to WindCode® W6.

Additional charges for optional glass apply.

Contact your local dealer for door width restrictions.

Acrylic windows require special cleaning. Never use products that contain ammonia or petroleum products to clean acrylic. Please visit www.clopaydoor.com/acrylic for complete details.

DURABLE CONSTRUCTION

3 or 2 LAYER CONSTRUCTION

1. COMPOSITE OVERLAY
2. STEEL
3. POLYSTYRENE INSULATION

Calculated door section R-value is in accordance with DASMA TDS-163.

1⅝" POLYSTYRENE INSULATION

R-VALUE 6.3

NON-INSULATED

- 24 gauge, 2" steel frame construction with 1/2" composite overlay for long-lasting performance and durability.
- Optional 1-5/8" vinyl-backed insulation improves energy efficiency. 6.3 R-value.
- Galvanized torsion springs are attractive and longer lasting.
- Nylon rollers are durable and quiet.
- Replaceable vinyl bottom weatherseal in a corrosion-resistant retainer helps seal out the elements.

BEAUTY AND DESIGN

- Four design series, eight models.
- Glazed top sections in clear or obscure glass and snap-in grilles create square and rectangular designs. Optional faux windows and wrought iron windows.
- Decorative black powder coated spade design lift handles and step plate provide the finishing touch. Optional outside keyed lock and strap hinges maintain the authentic carriage house style designs.
- UV-protected standard white composite square-edged overlay with smooth finish.
